

(d) Other adequate action to prevent dissemination

No product, article, means of conveyance, or plant pest shall be destroyed, exported, or returned to shipping point of origin, or ordered to be destroyed, exported, or so returned under this section, unless in the opinion of the Secretary there is no less drastic action which would be adequate to prevent the dissemination of plant pests new to or not theretofore known to be widely prevalent or distributed within and throughout the United States.

(e) Compensation of owner for unauthorized disposal

The owner of any product, article, means of conveyance, or plant pest destroyed, or otherwise disposed of by the Secretary under this section, may bring an action against the United States in the United States District Court for the District of Columbia, within one year after such destruction or disposal, and recover just compensation for such destruction or disposal of such product, article, means of conveyance, or plant pest (not including compensation for loss due to delays incident to determining eligibility for movement into or through the United States or for interstate movement) if the owner establishes that neither this section nor the Plant Quarantine Act [7 U.S.C. 151 et seq.] authorized such destruction or disposal. Any judgment rendered in favor of such owner shall be paid out of the money in the Treasury appropriated for plant disease and pest control activities of the Department of Agriculture.
